

## Inspired Legacies: Legacy Mentors

### Legacy Mentor

One who lives with intention to transform values and resources into inspired benefits for themselves, their family, and their communities. An active community-based leader working for the common good through mentorship of peers and the next generation with selfless generosity of spirit, engagement, and resourcefulness. And one who gathers advisors, nonprofits, coaches, and others necessary to achieve an active, informed, and effective living, giving, and sharing wealth-planning process.

**Are you a Legacy Mentor?**
